

Doodle the Dino

Alphabet Coloring Fun

Discovery Den Learning

Welcome to Coloring with Doodle!

Coloring is more than just fun—it helps children build the fine motor skills needed for writing success. Each time a child holds a crayon, marker, or pencil, they strengthen the small muscles in their hands and fingers, improve hand-eye coordination, and practice the proper grip for future handwriting.

By filling in shapes, staying within lines, and exploring colors, little learners gain control, patience, and confidence. These pre-writing skills form a strong foundation for reading, writing, and other classroom learning.

So let's color, create, and grow—one page at a time!

**Hi, I'm Doodle
the Dino**

**Color the
alphabet
with me**

Color the letter a and find all the acorns

Color the letter b and find the butterfly

Join Doodles the Dino as he discovers the lowercase alphabet—one coloring page at a time!

Each page brings learning to life with Doodles holding a lowercase letter, surrounded by familiar objects that help children connect letters to words. From a for apple to z for zebra, kids will explore and create while reinforcing their letter knowledge.

With 26 fun pages in bold outlines and clean designs, this pack is perfect for preschoolers, kindergartners, or any child ready to master lowercase letters.

Color the letter o and find the owl
