

Doodle the Dino

Alphabet Coloring Fun

Discovery Den Learning

Welcome to Coloring with Doodle!

Coloring is more than just fun—it helps children build the fine motor skills needed for writing success. Each time a child holds a crayon, marker, or pencil, they strengthen the small muscles in their hands and fingers, improve hand-eye coordination, and practice the proper grip for future handwriting.

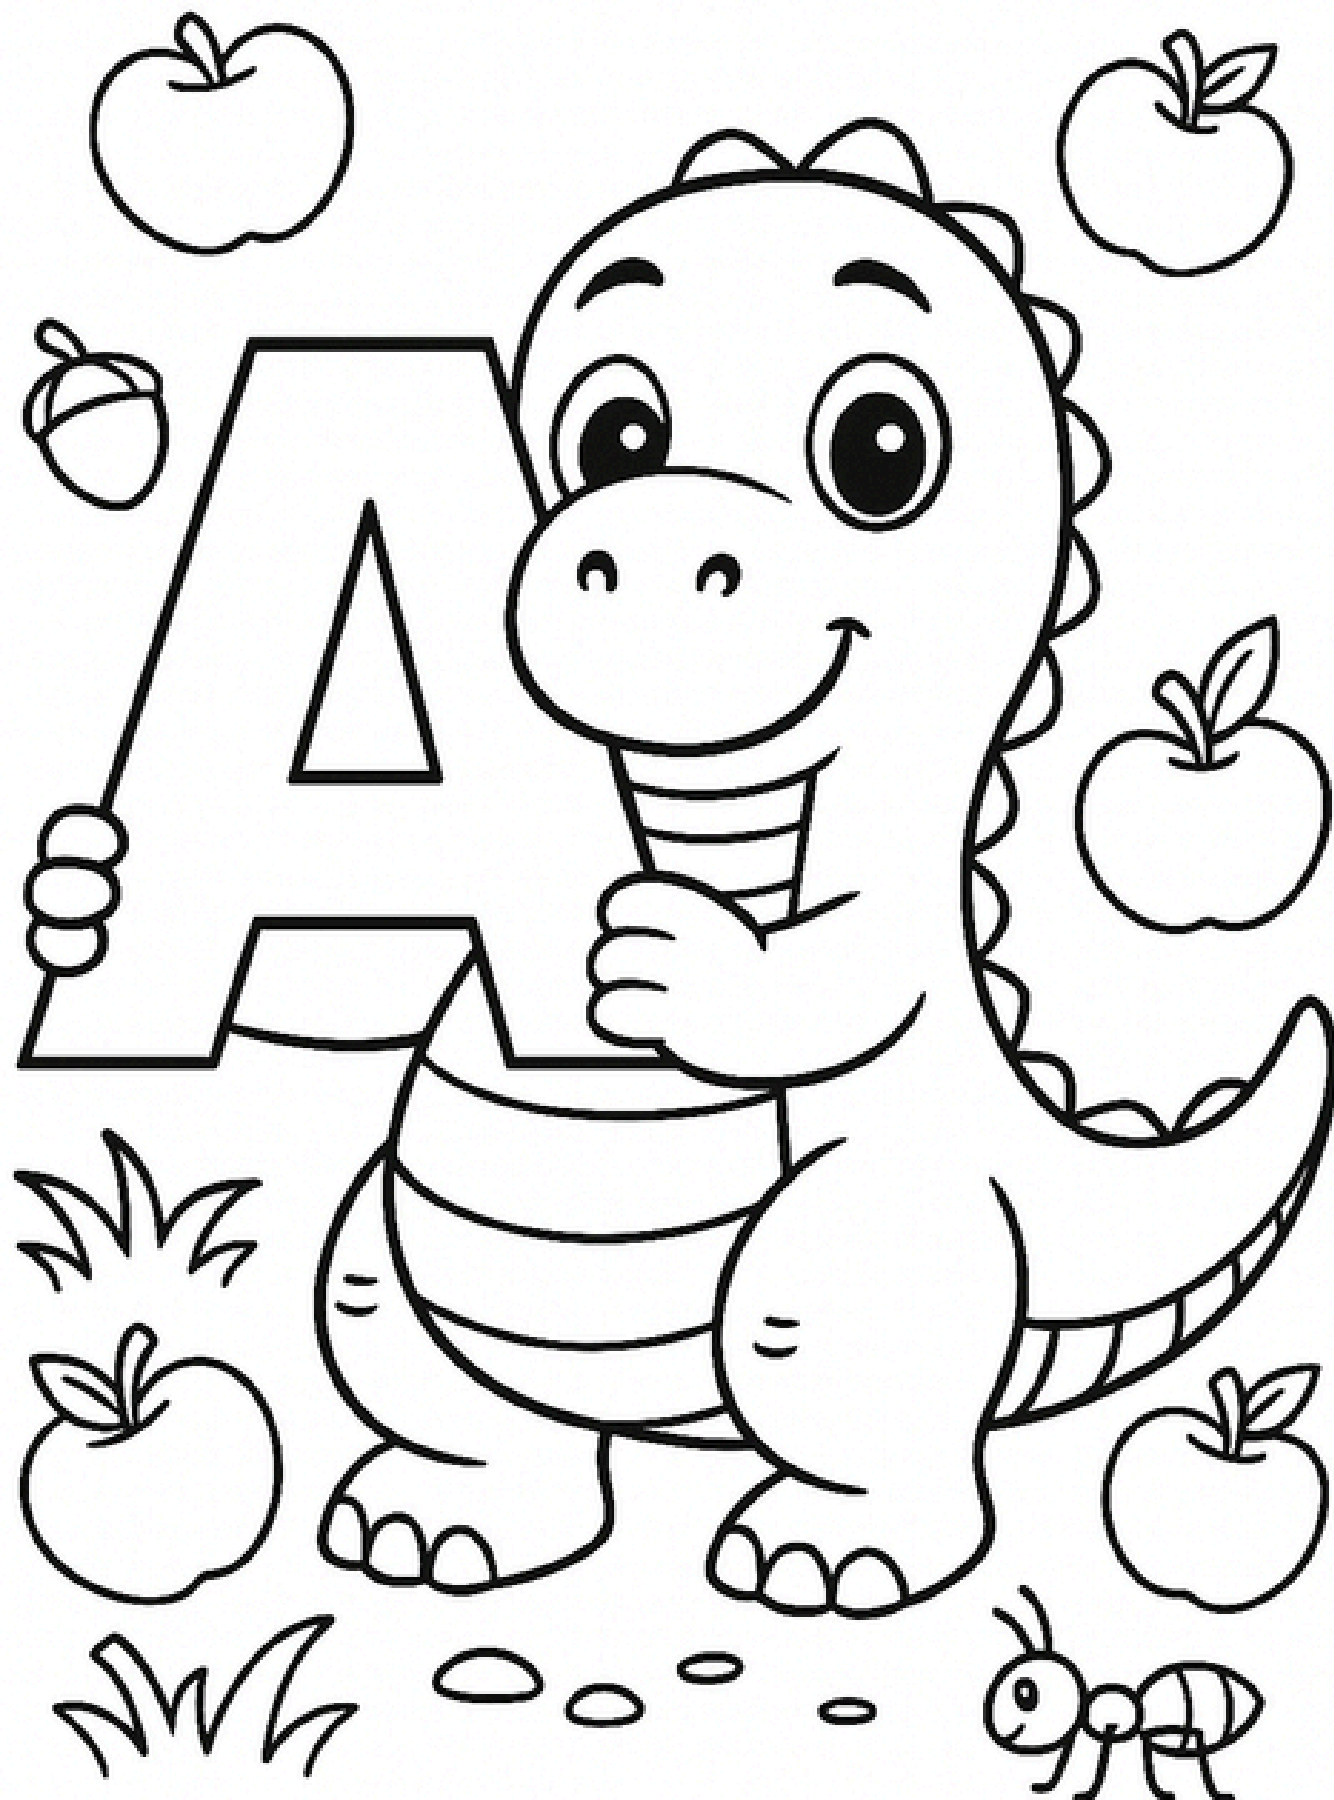

By filling in shapes, staying within lines, and exploring colors, little learners gain control, patience, and confidence. These pre-writing skills form a strong foundation for reading, writing, and other classroom learning.

So let's color, create, and grow—one page at a time!

**Hi, I'm Doodle
the Dino**

**Color the “
alphabet
with me**

Color the letter A and find all the apples

Discovery Den Learning ©

Color the letter B and find all the balloons
